

Nationwide Arena

Pine Hall Brick

AMERICA'S PREMIER PAVER®

Arena District, Columbus, Ohio

**Challenge:**

"To create a lasting and memorable urban environment that compliments a major civic structure and foreshadows the quality of a \$500 million dollar future commercial development."

Solution:

"Create a unique combination of brick streets and sidewalks that would withstand the rigors of heavy vehicular and pedestrian traffic while creating a unique setting for the future commercial development. The Pine Hall Brick Pavers specified exceeded our technical requirements, and made a significant contribution to the creation of a rich and timeless urban environment."

– Keith A. Myers, Myers Schmalenberger, Inc.

Materials used: Old Tavern (special production), Pathway Red and Pathway Ironspot.
